Healthy for you and your family

PURE WATER. REAL INDEPENDENCE.

Our generators extract humidity from the air and turn it into premium quality drinking water – 24/7.

HOW IT WORKS

1. AIR IN

The machine draws in air from the environment.

2. CONDENSATION

Humidity is condensed into pure water.

3. FILTRATION

Multi-stage filtration cleans and purifies the water.

4. DRINKING WATER

Fresh, safe and slightly alkaline drinking water is ready.

ADVANCED FILTRATION SYSTEM

PFF
